A tailor was startled the other day by the return of a bill, which he had sent to an editor, with a notice that the "manu-script was respectfully declined."

Adjectives are the millinery of litera-ture, and, like the trimmings of a dress, they should not be allowed to obscure the original fabric.

Irelands population in 1841 was 8,175,-124—during the ensuing ten years it de-clined rapidly, falling to 6,552,385. The last census, 1871, the population had still further declined to 5,411,416.

Eccentricities of a steeple: A church steeple at Ionia, Mich., is thought to be bewitched. "One night it appeared to stretch up and bore a hole in the clouds. At another time it seemed to wabble about and lean over, and its last trick was to appear to be on fire." We should like some Ionia whisky ourself. There must be heaps of fun in it.—Boston Post.

Joaquin Miller feels sad over the death

Joaquin Miller feels sad over the death of a man whose acquaintance be first made when they were shooting at each other. This is almost as shappy a thought as that of the man who, being introduced to a stranger, said: "I'm glad to meet you. I knew your father well, for I was a member of the vigitance committee that hung him." Some time ago the citizens of Lebanon purchased a gold spike for the central tie of the Cincinnati Northern Railroad track

at the Broadway crossing. The golden nail attracted great attention. A few days ago the spike was missed and it was discovered that a third had drawn it, driving in its place an iron spike. A reward of \$3,000 has leen offered for the return of the spike and \$700 for the continue of the the spike and \$700 for the capture of the thief .- Cincinnati Enquirer. The President has sent to the Senate the nomination of Samuel B. Axtell of California, to be Receiver of the Land Office at Botse City. Idaho. If this S. B. A. is Severnor A. of Utah and New Mexico, be is as much a Californian as be is a citizen of Umb. New Mexico or Obio. He is a flitter, always on the wing. His last

abode was in the Western Reserve, Ohio. Correction Needed.

The Tueson Star's correspondent, in a pen portrait of Hon. Donald Robb, does not do justice to that gentleman. It says he started in as a retrencher of expenditures, but subsequently introduced a bill for an appropriation of \$30,000 for the Yuma prison, and that he worked for the SURE CURE

FOR—
Coughs, Colds, Sore Throat, Branchits, Asthma, Cotsumption, And all Diseases of THECAT and LUNGS.

Put up in General to present the passage of the ombinus road bill. Now the fact is that in respect to the prison grab, Robb only suffered for being in bad company, for he introduced the bill for and at request of Mr. Speaker. Instead of supporting, he fought the omnibus road bill. And certainly Mr. Robb has earned the thanks of all tricials of economy by his opposition to the plan of expending \$100,000 at least, to set on foot a company of one hundred useless men.
